# INTRODUCTION

---

A group of highly productfessionals, engaged in the field of architecture and exhibitions for past couple of decades, with a very long list of national and international clients.

*Elaborate your  
Company Style  
Grow Up Your  
Business*

Our feet are firmly on the ground with 25 years experience in creating trade shows, Stall designer and exhibition stand construction ensured that everything we undertake will be practical, cost effective and finished to the highest quality.

# CAPABILITIES

---

CAPABILITIES, We can deliver. We know our strength & methodology to convert the design into reality with support of seasoned hands & brains who have dedicated themselves completely to Expos & Exhibitions. From small stalls to group participations from medium pavilions to giants on floor, we are capable of satisfying all with complete ease. Our systematic approach to any project from initial level& strict adherence to specification till the work is handed over is the soul of our capability. Supported by state of art, a large workshop in the heart of National Capital Region with in-house facilities of all the activities involved in this field, gives us enough reasons to have faith in our capabilities.

## OUR VISION

At Spaceedge we turn ideas into reality, we envision to be at the forefront of innovation and using new and advanced technology to provide better services to our clients with whom we share the same passion and belief that our clients have about their company and their products.

Our mission is to help our clients experience their ideas and thoughts turning into reality, to help them stand out among the competition and to engrave an image of an industry leader among their customers.

## OUR MISSION

# OUR SERVICES

We provide Exhibition designing and fabrication solutions through a network of highly skilled and qualified workforce.

## Designing and Fabrication

At space Edges, we pledge to deliver customized and innovative exhibition stall design and fabrication across India, Europe, Saudi Arabia, and UAE.

## Exhibition and Events

Exhibitions and worldwide trade shows connects buyers and sellers, helping them innovate and grow and supporting the flow of business in over a dozen specialist international markets.

## Interior Designing And Conceptualization

An interior design concept is the central theme that all the design elements are focused upon. It is often viewed as solely an aesthetic or artistic concern, is actually capable of serving a much broader purpose in societies.
